Water Level Kit

- Easily and quickly transfer heights, even from far away.
- Uses: e.g. levelling pictures, shelving, fences, walls, etc.
- Low price alternative to laser levels
- Easy to use and versatile

Contents:
1 plastic hose 15m (transparent) and
2 plastic sight tubes with measuring scale
Read instructions thoroughly before use.

Slangevaterpas

- Til enkel og hurtig overførsel af højder, også over store afstande
- Brugsområder: f.eks.: nivellerings af tilfædder, reoler, stabilitet, mure osv.
- Overkommeligt alternativ til lasernivelleringsapparat
- Enkel håndtering og alsidigt brugbar

Indhold:
1 plastslange 15 m (transparent)
og 2 plast-målerør med skala
Læs venligst brugsanvisningen igennem inden brugtagning.

Niveau à eau

- Pour reporter des hauteurs facilement et rapidement, même sur de longues distances
- Utilisation: par ex.: alignement de tableaux, étagères, clôtures de jardin, murs, etc.
- Solution alternative économique aux niveaux à laser
- Manipulation facile et utilisation polyvalente

Contenu:
1 tuyau en plastique de 15 m (transparent)
et 2 fioles en plastique graduées
Lire le mode d'emploi avant utilisation.
