DIRECTIONS

FOR THE USE OF THE
SUPERIOR SIGN MARKER.

THIS SIGN MARKER will give **First-Class Results**, but in order to secure this please be careful to have just the right amount of ink on the pads. If you have too much ink, the stamping will be thick and dirty; if too little ink, the work will be poor and strategy looking. To obtain the **best**, use a **Bristle and Water**—never let benzine, oil, or turpentine touch the Rubber.

To make a handsome Price Ticket, we advise the employment of a larger Figure than is contained in this cabinet. We have boxes of **Figures only** for such purposes—all sizes from 1 inch up to 3 inches deep. Prices **2.5 to 10.-** Extra Ruled and Tubes of Black and Red Ink as required.

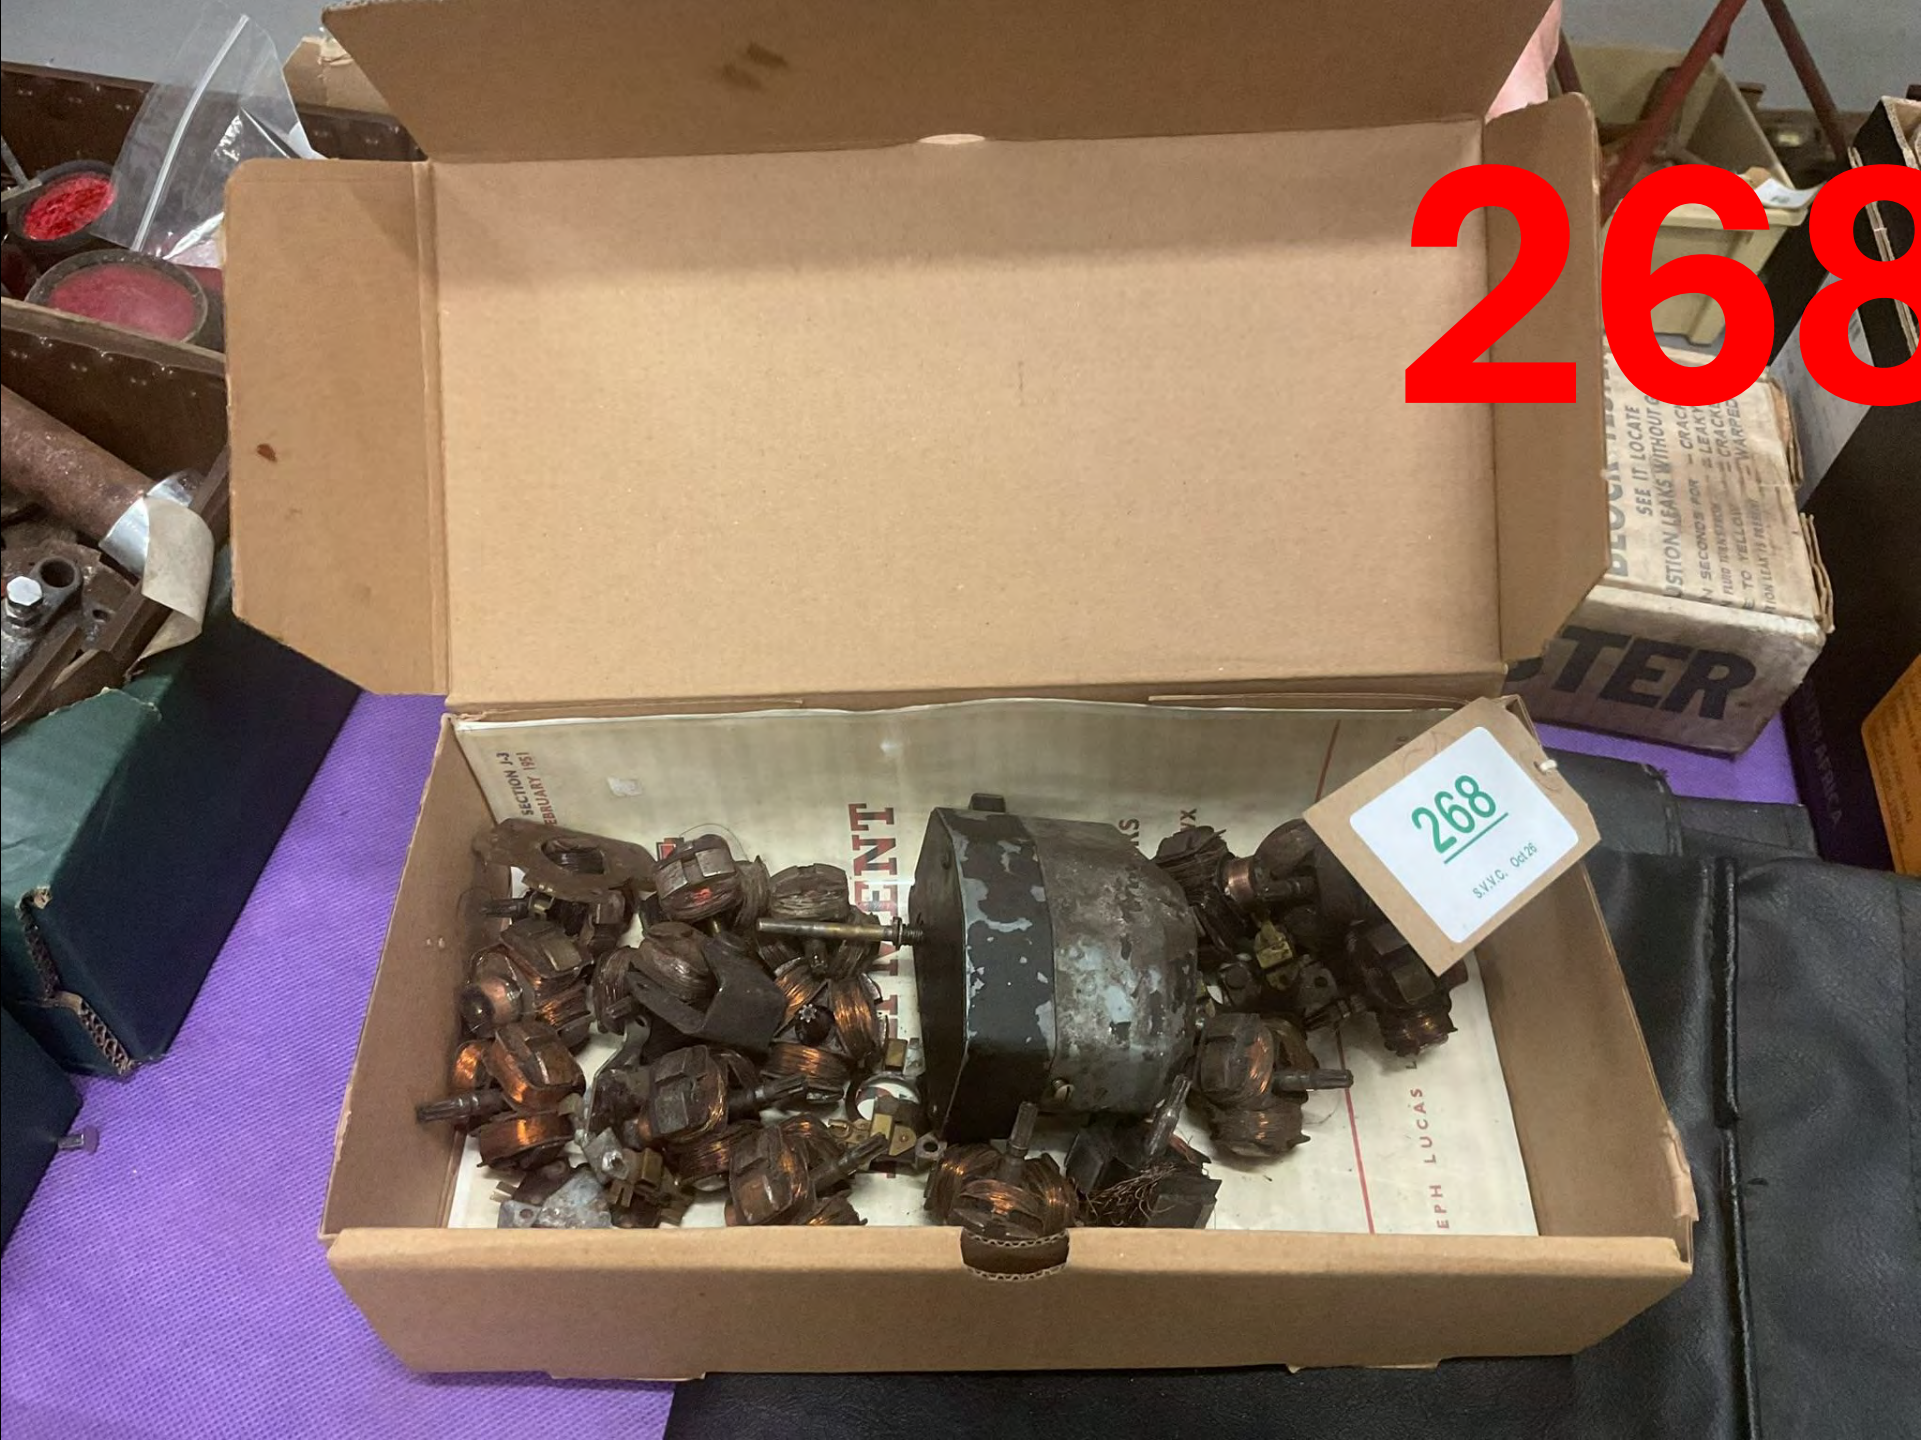

RUBBER TYPE CABINETS.

Please ask for our List.
We have all news from January 1st of each year
dearly up to 1 inch in depth.
Easy to use. May be altered at pleasure.
Useful for Stamping Addresses.
Telephone Numbers, Telegraphic Addresses,
Prices, Names, Dates of Travellers' Books,
also for Stamping Notepaper, Envelopes,
Post Cards, Price Tickets, &c.
Wash Patent Typewriter.
